Last Updated Wednesday, 07 May 2008

Our doors are always open to new pets. We welcome anyone wishing to take a quick look around our facility. At the first visit the nurse attending reception will ask for some basic contact information.

This information is protected by the Privacy Act. As such we will not release any information about you or your pet to anyone without your express permission. You can find a link below to a document which you can fill in and email or fax to us, or just bring with you to your first appointment.

This will speed up the admission process and ensure you don't have to wait long to see the veterinarian.
