

Practice Staff - Kate Bernays

Contributed by Webmaster
Monday, 04 December 2006

Kate is the Ascot Veterinary Surgery`s practice manager and head receptionist.? She comes from a background in human resources.

Kate began working with the surgery just on Sundays.? Gradually increasing her casual hours.? Upon completing training in Human Resources, she took a brief soujorn to the HR industry in job placement.? However, missing her link with animals, she agreed to come back to work at the surgery as our full time manager and receptionist.?

Kate`s favourite pet`s are cats, but she is definitely partial to the cute puppies that frequently visit the surgery.
